uEngage Flash 3PL SOPs - 2026

1. **Denials: Order(s) rejected by the Delivery Partner before accepting or after accepting are called Denials, pre-pick up.**

Ø In case of denials, if the rider is unable to pick-up the order, the rider or LSP has to communicate the reason for non-availability of pick-up after assignment of the order to the merchant via. API or Rider Support Channel.

2. **Cancellations: Order(s) rejected by the Delivery Partner after pick-up are called Cancellation.**

Ø Incase of Cancellations of orders wherein the rider fails to deliver the order for any reason attributable to the delivery executive, a penalty equivalent to 100% of the order value/customer refund value (whichever is lower) is to be passed on to LSP.

Ø Incase any order is canceled by the customer due to delay in delivery, wherein the rider failed to deliver the order within 45 mins from pick-up of the order, a penalty equivalent to 100% of the order value/customer refund value (whichever is lower) is to be passed on to LSP.

3. **Damaged/Missing Items: Items Damaged/Missing due to mishandling of the Delivery Executive.**

Ø Incase of Damaged/Missing Items, a penalty equivalent to 100% of the order value/customer refund value (whichever is lower) is to be passed on to LSP.

4. **RTO:** In case a customer refuses to accept the order post pick-up by the delivery executive, an RTO has to be triggered in such cases and the order is to be returned back to the respective store/restaurant in coordination with the support teams from both the parties.

Process for Refund Imposition:

1. All the orders liable for penalty/deductions are mandatory to be raised by Merchant within 24 hours only and then to be communicated to LSP on a daily basis via Email (also communicated via WhatsApp).

2. LSP Team shall share the RCAs and closure for these issues between 24-48 Hrs of receiving the default cases, to be followed throughout the year (365 days).

3. The finalized RCA responses are to be mutually agreed upon by both parties before imposing deductions.

4. No penalty against any order shall be accepted if the same is not communicated as per Point 1.

5. Order value Covers Food Value + Delivery Charge.

Example: Order is lost in Transit and rider is non responsive, In such case a penalty equivalent to 100% of the order value/customer refund value (whichever is lower) should be refunded as order has not been delivered.

6. Each Logistics partner has a defined refund cap of ₹500 for approved lost-order cases. Accordingly, the refund provided will be the lower of the actual order value or ₹500, until any further changes are communicated by the respective Logistics partners.
